SEPTEMBER HEALTH EDUCATION & WELLNESS PROGRAM—INFECTIOUS DISEASES: Infectious disease still remains a serious problem, even with all our modern medical discoveries, technology and advances. Some are just annoying, such as the common cold, while others are deadly, like AIDS. New microbes are evolving and older ones are mutating, making even the most powerful antibiotics and vaccines less effective. September's packet will look at viruses and bacteria, how infectious diseases are contracted and spread, antibiotic resistance, how our immune system fights these diseases, immunization schedules and what you can do to protect yourself from infectious diseases. Packets will be available at all medical facilities in September and upon request to Carol Roth, 867-3414. CHS-005, email **Roth-1, Carol.** (JJ-C)

Tuesday September 28 11 a.m. – 1 p.m. OHF (Occupational Health Facility) (JJ-C)

COLORECTAL CANCER SCREENING, with Hemoccult slide kits, is available at all medical facilities during hours of operation. (JJ-C)

T-shirts may be ordered at any NASA Exchange Store. If you would like to volunteer, please call 867-7829. (JJ-C)

NUTRITION TIP OF THE WEEK—FROM THE KSC FITNESS CENTERS: A well-balanced meal actually looks that way on a plate. One-half of the serving area on the plate should be covered with vegetables; one-fourth by a starchy food, such as pasta, rice, or potatoes; and, the remaining fourth by a protein, such as fish, meat, chicken, beans, or tofu. A healthful meat serving is lean and about the size of a computer mouse or a deck of cards. (JJ-C)

KSC FITNESS CENTERS'—LUNCH AND LEARN: "Fitting the Pyramid into Your Life," September 24, in the OSB, Room 3316. Summer's over but you still need to watch what you eat! Bring your lunch and learn how to create healthy meals utilizing the Food Guide Pyramid. Call 867-7829 to sign up. (JJ-C)

INFLUENZA IMMUNIZATIONS: The influenza season in Florida will be here in the next few months. You can be protected from the most likely causes of epidemic flu by being vaccinated. Influenza immunization is especially important to those people with known heart, lung, or kidney problems, diabetes, anemia or a reduced body resistance to infection. The 1999-2000 schedule at the KSC/CCAS clinics begins September 20, 1999, as follows:

| | | |

| Monday through Friday | 7:00 a.m. – 3:00 p.m. | Cape Area Clinic (CCAS Industrial Area) |
| 24 hours/day, 7 days/week | | Launch Area Clinic (KSC LC-39 Area, MFF Facility) (JJ-C) |

Appointments are necessary to ensure adequate time. This program is available Monday through Friday, 7:30 a.m. to 4:00 p.m. Appointments may be made by calling 867-7398. (JJ-C)

RIBBON CUTTING CEREMONY: Kennedy Space Center is pleased to announce the opening of the new NASA Technical Records Center. To commemorate this important milestone, KSC is hosting a ribbon cutting ceremony on September 21, 1999 at 10:30 a.m. This project is the result of an innovative agreement between Boeing and NASA. The new 14,100 sq. ft. facility is being used by SFOC/USA/TTS, JBOSC/SGS/IDI, NASA/KSC, DCAA and SFOC/USA. The NASA Technical Records Center, Building M6-489, is located in the KSC Industrial area on the south end of the parking lot on Second Street, west of Avenue B. (FF-S2-A)

SHUTTLE BUS SCHEDULE: The Shuttle Bus Schedule may be accessed at the World Wide Web page at URL: <http://kscinfo/trans-transportation/shutbus.html>. (FF-S2-D)

KSC LIBRARY: The KSC Archives regularly displays its collection of historical photographs for viewing by the KSC community. The display case is located between Rooms 1533 and 1537, across from the post office, in the Headquarters building. The current exhibit features the Galileo spacecraft which was deployed by STS-34, Atlantis, launched October, 1989. Further information may be obtained by calling the Library Archives at 867-2407. (FF-S2-A)

KSC LIBRARY: The following new books are available for checkout at the KSC Library. If you need information, please call 867-3600, or visit the Library in HQ, Room 1301.

KSC RIDESHARING PROGRAM: The KSC Ridesharing Program assists you in joining existing car/van pools or forming new ones. Forms for the Ridesharing Program are available by calling 867-3420. The information provided on the forms will be fed into a computer which matches people by residential areas and compatibility of work hours. Each person responding will be sent a list of potential car or van poolers. The Brevard County Space Coast Area Transit provides the listings. (FF-S2-D)

MISUSE OF THE NASA INSIGNIA: Use of the computer templates, containing the NASA Insignia, for the production of NASA letterhead in electronic form is not authorized and should be removed from all computer systems. The Associate Administrator for Public Affairs has requested all NASA centers use only the printed NASA letterhead stationery. "The use of computer file NASA Insignias to custom design stationery provides opportunities for image manipulation and standards degradation which will adversely reflect the professional image of the Agency." If not approved for specific applications, electronic images of the NASA Logo ("worm") and Insignia ("meatball") should be removed from computer systems. (FF-S2-A)

GRAPHICS/PUBLICATIONS: Before you begin any work for publication, consult the JBOSC Graphics Department. According to the print shop, approximately three jobs per week have to be reworked because of problems with alignments, reductions, and postscript formats. By consulting with JBOSC Graphics first, you will eliminate wasted time and effort to rework your project. Graphics will ensure your artwork is produced efficiently and is suitable for reproduction. Graphics has electronic transfer capability, a proven method for first quality prints directly from the original, compared to low density reproductions from copied artwork. For information, call 867-3838. (FF-S2-A)

KSC ELECTRONIC FORMS: Civil Service and contractor employees are encouraged to request access to the KSC Electronic forms software. This software application allows users to access both KSC and NASA forms online from their own workstation. Bond paper copies of electronic forms will continue to be available through the FORMS WAREHOUSE until October 1, 1999. As stocks are diminished, the center will convert to on-demand printing of paper forms for users who do not have access to a computer. The internet address <http://kscforms.ksc.nasa.gov> provides software installation and usage instructions along with the entire forms index listing, including NASA forms. J-BOSC personnel should request access through the CARE Center at 867-5010. NASA personnel who receive assistance through the Outsourcing Desktop Initiative (ODIN) contract should call the ODIN Help Desk at 867-ODIN. Boeing personnel should contact their Helpdesk. All other KSC personnel can use KSC Form 28-780NS to request access. For additional information users should call the J-BOSC Forms Control Office at 867-3590. (FF-S2-A)

OIG: The Office of the Inspector General is the focal point within NASA for conducting audits and investigations to promote economy and efficiency and to prevent and detect fraud and abuse in NASA programs and operations. The Inspector General will not disclose the identity of a person who provides such information without that person's permission, unless the Inspector General determines that disclosure is unavoidable during the course of investigation. NASA employees are protected by law from reprisal for making complaints or disclosing information to the Inspector General. At Kennedy Space Center, call: 867-4714, or call toll free: 1-800-424-9183, 24-hour answering service, or write: NASA Inspector General, P.O. Box 23089, L'Enfant Plaza Station, Washington, DC 20024.
